

St Peter & St Paul Uppingham welcomes dogs as members of our church family

Our PCC has developed this set of simple guidelines to help everyone in church worship comfortably together:

Mutual respect: Please ensure your dog does not approach other visitors who may be allergic or afraid

Safety: Please keep your dog on its lead and we ask a short lead in crowded spaces and to be mindful of others around you

Disruption: If your dog barks, whines, or causes any disruption please remove them from the building immediately

No Damage: Please ensure your pet does not chew, scratch, or damage any church furniture or fixtures

Welcome: Water and treats are available
